REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: A locating and clamping assembly having a body with an internal cavity and an opening; a locating pin; an actuator; and at least one finger in combination with the other claimed limitations.

2. The prior has fingers that rotate which is different from radial movement , please note the attached definitions. Rotates turns about an axis and radial or radius is a line segment fixed to a point . The radial term shows how the fingers extend in a linear path from the center and not a rotational path as shown in the prior art. These limitations are neither anticipated nor rendered obvious by the prior art by being shown nor suggested.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to LEE D WILSON whose telephone number is 703-305-4094. The examiner can normally be reached on M-F.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, JOSEPH HAIL can be reached on 703-308-2687. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
